6) The Rev. Comr considers that the proposal to grant one acre of land to every village panchayat in the mulberry area for mulberry cultivation is quite practicable and profitable, as no village panchayat can be forced against its will to undertake the enterprise. Kind reference is invited to the G.O. dated 2nd May 1931 under which grants up to a limit of 20 acres of unassessed Govt waste land and assessed dry land may be given by the D.C. to Village Panchayets free of cost for eight years. The assessment shall be levied thereafter under certain conditions. The concessions granted in this G.O. have not been taken advantage of by the local bodies sufficiently. The V.P. chairmen will have to may be induced by the local Officers to take such enterprise and carry on the business of cultivation of mulberry successfully. As it is apparent that no such activity is being displayed by the local bodies in this aspect the R.C. maybe asked to issue a Circular with a view to popularise the scheme largely. In the face of the G.O dated 2.5.31 and for reasons explained by the Rev Comnr there appears to be no necessity either to modify the G.O. dated 4.5.1929 as suggested by him or to grant one acre of land to each V.P. in the mulberry area for the mulberry cultivation. The attention of the Committee of the mysore Silk Association may be invited to the G.O. dated 2nd may 31 and also subject to approval to the letter drafted proposed to be issued to the R.C. requesting him to issue a Circular in the matter

To

R. Ranga Rao, Esq., B.A., B.L.,
General
~~The~~ *Secretary to the Government*
of His Highness the Maharaja of Mysore,
Bangalore.

Regarding allotment of land to Village Panchayets for growing Mulberry topes.

SIR,

With reference to your letter No.L.74/V.P. 96-29 dated 2nd September 1930 calling for my opinion on the resolution of the Executive Committee of the Mysore Silk Association, Bangalore, requesting that one acre of land may be allotted to each Village Panchayet in the Mulberry area for growing Mulberry topes and that, if necessary, a non-recurring expenditure of Rs.25/- per acre may be given to each Panchayet for the purpose, I have the honour to state that the proposal to grant one acre of land as a rule to every Village Panchayet in the Mulberry area for Mulberry cultivation is neither practicable nor profitable, as no Village Panchayet can be forced against its will to undertake the enterprise, knowing, as one does, that Panchayets except in a few instances where there are enterprising and enthusiastic Chairmen, cannot carry on the business of cultivation as successfully as any individual ryot having a personal interest.

2. The best that we can do in the matter seems to be to advise the Panchayets in the Mulberry area to try the experiment of Mulberry cultivation and to encourage those that are earnest by granting not one acre only but even more for the purpose as the circumstances and necessities of each Village Panchayet require. I would therefore recommend that the Government Order No.R.9173-82/L.R. 508-28-4 dated 4th May 1929 empowering the Revenue Commissioner to grant Village Panchayets land (6 acres dry and 2 acres wet) for vegetable cultivation (free of cost) may be extended to cover grants for Mulberry cultivation also, leaving it to the discretion of each

15

Panchayet to take up the cultivation and apply for land.

3. As regards the proposal to make a grant of Rs.25/- to each Village Panchayet, I am of opinion that no such grant from Government is necessary. The Village Panchayets have their own funds and may spend so much out of them as is necessary in each case to rear up a tope, which may be much more than Rs.25/-.

I have the honour to be,

S i r,

Your most obedient servant,

Revenue Commissioner.
